# MESSAGE FROM THE FOUNDER

**Dear Investors,**

**VTrade FX Group was formed with the sole goal of providing investors with the best experience - one that is safe, consistent, and supported by the best professionals in the industry. As the founder, I aim to help investors who have fallen for numerous scams in the industry and lost a lot of money.**

**I do not wish to see another company fail due to incompetence by those who claim to be good traders or fund managers, or who cannot perform safe trading activities for all clients, regardless of their account size.**

**Some people only care about making pips in their large master accounts and fail to realize that clients with smaller accounts may end up hitting margin calls or receiving poor returns on their investments.**

**These same people cannot control their emotions when their strategies fail, resulting in blown accounts due to over-trading in a desperate attempt to save what can be saved.**
